

The 11th Palliative Care Congress  
Glasgow 2016

## Speaker Biography

# Min Stacpoole

RN, BA (Hons), MSc

Min Stacpoole managed a long stay ward for older people before working at St Christopher's Hospice. Min worked in palliative care on the wards, in the community, and in the Care Home Project Team where she developed a specialist interest in palliative care for people with dementia.

Min worked with Professor Joyce Simard as nurse researcher on the Namaste Care programme action research study completed in October 2013. The team has published the research findings in the International Journal of Geriatric Psychiatry and the Journal of Dementia Care. Min presented the study at the EAPC and the Dementia Congress and has lectured on the Namaste Care programme throughout the UK.
